Address: Las Piñas City, Metro Manila

PERSONAL PROFILE

Computer Engineering Technology graduate with hands-on experience in Python, SQL, web development, databases, and embedded systems. Strong foundation in software development, problem-solving, and project collaboration, with a growing interest in Artificial Intelligence, Generative AI, cloud technologies, and emerging technologies.

SKILLS

Technical Skills

- Python
- Django
- HTML5
- CSS3
- Bootstrap
- JavaScript
- PHP
- Kotlin
- Java
- C/C++
- MySQL
- Firebase

Frameworks & Tools:

- Git & GitHub
- Arduino IDE
- Android Studio
- Tkinter
- PyQt
- Microsoft Office
- Canva
- AutoCAD

Soft Skills:

- Leadership
 - Team Collaboration
 - Problem Solving
 - Critical Thinking
 - Communication
 - Adaptability
-

EDUCATION

Degree: **Bachelor of Engineering Technology Major in Computer Engineering Technology**

Technological University of the Philippines – Cavite

Sept. 2021 – July 2025

Academic Honors:

- **Cum Laude (GPA: 1.579)**
- **Scholastic Awardee (2022–2025)**

Senior Highschool: **Technical Vocational Livelihood – Information Communication Technology**

University of Perpetual Help System DALTA – Molino

Academic Honors:

- **With Honors (2018–2020)**
-

RELEVANT PROJECTS

1. School Supplies Vending Machine with Monitoring System (Thesis)

Technologies Used: **PHP, MySQL, HTML, CSS, Arduino Mega, ESP32, C/C++**

- Developed an automated vending machine system featuring touchscreen UI, add-to-cart functionality, real-time inventory and monitoring
- Led the thesis team in project planning, development, troubleshooting, testing, and documentation to ensure successful completion of the system

2. Smart Vee – Simple Math Quiz Bee Mobile App

Technologies Used: **Android Studio, Kotlin, Java, Firebase**

- Developed a math quiz app featuring timed assessments, and Firebase database integration.
- Created user-friendly interfaces and quiz functionalities

3. Web Application Development Projects

Technologies Used: **HTML, CSS, Bootstrap, JavaScript, Django, MySQL**

- Developed multiple responsive web applications implementing user authentication, CRUD operations, database integration, and role-based access control

4. Desktop Application Development

Technologies Used: **Python, Tkinter, PyQt, MySQL**

- Created desktop applications using **Python, Tkinter, and PyQt** with graphical user interfaces, MySQL database integration, and automation features.
- Implemented automation and data management functionalities

5. Arduino-Based Wireless Control Car

Technologies Used: **Arduino Uno, Bluetooth, C++**

- Built a Bluetooth-controlled remote car using Arduino Uno
- Programmed motor control and wireless communication features

WORK EXPERIENCE

Student Intern

Feb. 03, 2025 – May 23, 2025

Company: EE De Dios Accounting and Consultancy Services

Address: Unit B G/F, J & D Bldg, Summerwind Village 3, B1L11 Jose Abad Santos, Salitran, Dasmariñas

- Maintained organized digital records and reports with strong attention to detail
- Assisted in administrative and documentation tasks using office productivity tools
- Developed professional communication and teamwork skills in a workplace environment

CERTIFICATIONS

1. Cisco Networking Academy

- Introduction to Cybersecurity — Issued Nov 2, 2024
- Networking Basics — Issued Oct 10, 2024
- Introduction to Packet Tracer (Exam) — Issued Sep 15, 2024
- Network Addressing and Basic Troubleshooting — Issued Sep 15, 2024

2. Upskill IT Workshop

- Intro to C# with Ethical Hacking — Issued Oct 9, 2021
- Dark Web - Cybersecurity — Issued Oct 16, 2021

3. Department of Science and Technology

- Filipino x Innovation towards Sustainable Development — Issued Nov 12, 2021

4. Research & Events Participation

- 1st INNOTECH-CON: Dissemination, Appreciation of Researches – Exhibit (DARE) 2025 — Event Participation February 13, 2025
